

Minutes for School Council Meeting
Wednesday March 18th 2015

1. Mrs Appleby asked the School Council if they could remember some of their ideas for fund raising. The first one they remembered was about making pictures in frames and selling them to their families.

2. Mrs Appleby told the School Council that the governors would like to know how the School Council would like to spend the money that they made from selling their pictures. The School Council were very mindful of people less fortunate than themselves and suggested that the money could go to: people in Africa, homeless, those with Ebola, people in India. They then remembered that in the past we had sent money for a cow for people abroad. Mrs Appleby reminded them that this was through a charity called Oxfam.

3. Eventually the School Council decided that they would like to buy a construction kit for use on the astro-turf and send the rest of the money to Oxfam.

4. Mrs Appleby explained that on this occasion they would go back to class and explain what they had decided. Sometimes it is good to get everyone's opinion but sometimes it was fine for the School Council to decide as they had been chosen by their classes.

5. Mrs Appleby told the School Council that their School Council caps were on order but she was still waiting for delivery.

6. AOB – The School Council suggested that Miss Fairbairn was given a Bishop Tufnell badge to wear instead of a visitor badge as she was a teacher in school regularly. Mrs Appleby said that she would do this and thanked the School Council for their good idea.
